How far is nearest train station and how to get to the hotel without my own car?

Coming **from North or South** it is suggested to take fast trains **to Firenze** and then a local train **to Siena** , getting off in **Poggibonsi**.

Closest train station is in **POGGIBONSI** ,about **10 km far** from the San Gimignano:

Closest bus-stop to our hotel is **Porta San Matteo**.

Please ask the bus driver if possible to get off at Porta San Matteo which is the second stop once you arrive to San Gimignano,we are just 100 meters walking up the historic main street on the right. From April to October a **parking shuttle is available** to get in fron of the hotel with your luggage

However,**the best way to get to our hotel** from Poggibonsi train station in case you don't have a car, **is by taxi** . Once you get to Poggibonsi by bus or train, taxi are usually standing out of the train station during the day until 8-10 pm which will take you to the front of the hotel at **average fare between 25-30 EUR**

Please **always require** to be taken **to the front of the hotel**; we have notice by our Guest about some taxi-drivers who may try to leave you at Porta San Matteo , stating false reasons due to restriced area to save time

For later arrival or any difficulty **please call us** anytime at **0577 942014**
