

Guided tour of the city

EUR 25,00 per person - Min. 2 people

A special walk of the city, a couple of hours spent with a local professional guide exploring the origin of this town, social and political life of a medieval “Commune”, hidden within its protecting high walls. This medieval urban treasure, so rich in culture, architecture, great works of art commissioned by the Governors, powerful families, Church, has been land of wars, famines, commerce, politic intrigues as well as constant religious pilgrimage along the Via Francigena. San Gimignano was an important spiritual centre, testimony the many churches, “Hospitals” and convents, some of which dedicated to its own saints. An amazing trip back in time from the Middle Ages to today, passing by the historical and artistic heritage, and pride of men and women daily living a “monument” to the history world heritage site of UNESCO. An invitation to deepen our culture and tradition, flavors and fragrances, activities and passions under the shade of the same beautiful old towers
